## PURPOSE OF THE SCHOOL AND SYSTEM OF INSTRUCTION

The design of the School is to afford a practical and scientific education in the principles of

**General Jurisprudence.**

**The Common and Statute Law of the United States.**

**The System of Equity Jurisprudence.**

**Pleading and Civil Procedure at Common Law and under the Practice Acts of New York, New Jersey and Connecticut.**

The Course for the degree of Bachelor of Laws covers three years.

The case system of study is used. Under this method carefully selected collections of cases are employed as the basis of instruction, the object being to teach the student to deduce legal principles from reported cases, to apply these principles to other cases, and so to develop the power of legal analysis and accurate reasoning by the use of actual decisions of the courts.

Although the aim of the School is to train its students so that they may be qualified to practice law in any common law jurisdiction, especial care is taken throughout the course to indicate in each subject the peculiarities of the law of New York. Particular attention is called to the following courses, which have special bearing on the New York law:

1. **COMMON LAW AND CODE PLEADING.**—In this course the principles of common law and code pleading are taught, and the chief similarities and differences between common law pleading and code pleading (which is in force in New York) are explained.

2. **NEW YORK CIVIL PRACTICE.**—This course embraces a thorough study of the New York Civil Practice Act.

A comprehensive course in Pure Jurisprudence is conducted, which deals with the fundamental ethical concepts, the general principles which form the basis of law, as well as its juridical and genetic origin.

It is believed that the courses of the School are so arranged as to unite a sound training in the fundamental principles of the law with a training in the practical application of these principles to actual legal work.

Courses in New Jersey Practice and Connecticut Practice respectively are given throughout the year. Either of these courses may be substituted for the New York Practice course by third year students; and, by arrangement with the Registrar, all students may take either of these courses specially, provided there be no conflict with regular courses.

## COMMENCEMENT

The Annual Commencement of the School of Law will be held at Fordham on Tuesday, June 14, 1927.

## ACADEMIC YEAR

The first half of the Academic year 1927-1928 will begin on Monday, September 19, 1927, and end on Tuesday, January 31, 1928. The second half will begin on Wednesday, February 1, 1928, and end on Tuesday, June 5, 1928. Classes will not be held on any legal holiday, the Friday following Thanksgiving Day, All Saints' Day (Nov. 1), the Feast of the Immaculate Conception (Dec. 8), and Ascension Day (May 17).

The Christmas Recess will begin after the close of lectures on Friday, December 23, 1927, and classes will be resumed on Tuesday, January 3, 1928; the Easter Recess will begin after lectures on Wednesday, April 4, 1928, and classes will be resumed on Tuesday, April 10, 1928.

Matriculation in course is not permitted in the second semester. Special students, however, may register for courses which are conducted during the second semester only.

The School does not conduct any courses during the summer.

## REQUIREMENTS FOR ADMISSION

The School of Law is open to men and women. Applicants for degrees must be at least eighteen years of age upon entering the first year course, must be of good moral character and must present:

1. A certificate of graduation from a University or College approved by the Board of Regents of the University of the State of New York; or,

2. A certificate showing successful completion of two years of college work or its equivalent, in a college or university of standing satisfactory to the School of Law, and a law student qualifying certificate issued by the Board of Regents at Albany, N. Y., to those who have completed successfully one year in an approved college or university after having met its full matriculation requirements and to graduates of recognized high schools or to those passing Regents' examinations in equivalent subjects.

Generally, where an applicant submits equivalents for regular college work, successful completion of at least sixty semester hours of work of college grade and character will be required.

It should be noted that the Board of Regents requires certification to it on its own forms of completed high school or college work before its law student qualifying certificate will be issued. Applicants are advised, therefore, to obtain such forms as soon as possible from the Examinations and Inspections Division, State Department of Education, Albany, New York, to have same filled out promptly by the high school or college in which the applicant pursued his preliminary studies and returned to the same department, to secure said certificate. Otherwise serious delay in obtaining the necessary credentials may ensue. The Department of Education issues annually a publication known as "Handbook 27," which contains full information as to the institutions recognized by the Regents, and the courses which are accepted as high school equivalents. Application for such publication should be made directly to such department.

### ADVANCED STANDING

Students complying with the foregoing requirements for admission to the School, who have, in addition, successfully pursued the study of law for at least one academic year in a law school maintaining standards satisfactory to the School of Law, may, on submission of a proper certificate showing successful completion of such work, be admitted to advanced standing. No student will be admitted to advanced standing beyond the second year without the special permission of the Dean.

### SPECIAL STUDENTS

A limited number of persons, having a law student qualifying certificate issued by the Board of Regents of the University of the State of New York, but not otherwise qualified for admission as

hereinabove set forth, will be accepted as special students, not candidates for a degree, on presenting such evidence as the School may require of their fitness to study law. Generally such students must be qualified by reason of age and other experience so as not to impede the work of the class. The admission of such students, however, is not encouraged.

Arrangements may be made also with students who desire to pursue specially one or more courses at regular lecture hours.

## REGISTRATION

Every applicant for admission to the School must appear in person at the office of the Registrar in the Woolworth Building to fill out the necessary application blank and to file the required credentials.

The Registrar will receive such applications from the third Monday in June until the opening of classes in September.

Students will not be registered under abbreviated or colloquial forms of recognized names. The registered name of the student will be entered on all certificates and degrees of the School, except in case of obvious error, or where the student shall have filed with the School a duly certified copy of an order of a court of competent jurisdiction permitting a change of name, and proof, satisfactory to the School, of compliance with the terms, if any, of such order.

All students already enrolled in the School must register personally at the Registrar's office prior to the commencement of the school year. Students eligible to enter the third year class must appear for this purpose on the Monday preceding the opening of classes between 9 a. m. and 5 p. m. Students eligible to enter the second year class must appear for this purpose on the Wednesday preceding the opening of classes between the same hours.

No student who fails to appear as above required will be admitted to classes without the special permission of the Dean.

## DISCIPLINE

The admission, continuance upon the rolls, and graduation of every student is subject always to the full disciplinary power of the School of Law. Furthermore, since a student may be or become undesirable from causes not warranting disciplinary action, the School

reserves the right to require any student to withdraw at any time without assigning a reason for such action. In such case an honorable dismissal will be given, and a rebate of any tuition fee paid will be made pro rata for the unexpired term.

## EXAMINATIONS AND GRADES

Written examinations are held at the end of each semester in all subjects completed therein and as essential parts thereof. Classroom work, so far as practicable, is also a determinant of general standing.

Examinations are conducted on every week-day. The hours of examination for all classes will be from 4.00 p. m. to 7.00 p. m. except that the hours on Saturdays will be from 2.00 p. m. to 5.00 p. m.

Excessive absences from lectures will bar the student from examination.

Students must present themselves for examination at the examination held immediately upon completion of every subject unless excused by the Dean. Omission to do so will constitute a failure of such examination by the student.

The standing of students will be indicated by the letters A, B, C, D and F, signifying Excellent, Good, Fair, Poor and Failure respectively. A paper of exceptional merit will be marked A+.

Failed or omitted examinations aggregating more than two major courses or their equivalent will constitute a failed year. In such case the student's final withdrawal from the School will be required, unless the special permission of the Dean to repeat the entire year be obtained. Such permission will be granted only in extraordinary cases.

Failed or omitted examinations aggregating not more than two major courses or their equivalent may be retaken at the next conditioned examinations only. If again failed or omitted, the student will be required to repeat the subject.

Failure to pass or omission to take the first examination offered in a repeated course or in any course in a repeated year will require the student's withdrawal from the School.

Examinations for removal of conditions are held on the five days immediately following Labor Day.

Where a student's standing is generally of such low grade as to indicate, in the opinion of the Dean, that he cannot continue the work of the School with profit, his withdrawal from the School will be required. To continue in good standing a student must maintain an average grade of at least C.

### LAW LIBRARY

The library is located on the Broadway front of our quarters, with steady natural light by day, and the most modern system of shaded artificial light for evening work.

The location of the space, on the twenty-eighth floor, looking east, with an unbroken view for many miles, and with quiet assured by the height above the street and the solid walls separating the library from the other rooms, all contribute to its attractiveness.

The library is open throughout the year to the students of the School of Law and its alumni after 9.30 a. m.

A library for the use of the University section of the Evening Division is maintained in the new Library Building on the University grounds. Students in this section have the privilege also of using the library in the Woolworth Building.

### PRIZES

In every class the student attaining the highest average in recitations and examinations will be awarded a prize of fifty dollars (\$50.00) in gold.

### ADMISSION TO THE NEW YORK BAR

The New York State Bar examinations are open at once to all graduates of this School who are citizens of the United States and for six months actual residents of this State.

Successful bar examination candidates who hold an academic degree of a recognized college are entitled to a license to practice in this State, upon satisfying the requirements of the Committee on Character. All successful bar examination candidates who do not hold such academic degree must, before being licensed to practice, furnish proof to the Committee on Character of fulfillment of the further requirement of a calendar year of clerkship in the office of a practicing attorney.
